POSITIONS

University of Leicester, School of Business — **Leicester, UK**
Lecturer (Assistant Professor) of Economics — *2016–*

EDUCATION

University of Southern California — **Los Angeles, CA**
PhD, Economics — *August 2016*

Peking University — **Beijing, China**
MA, Economics — *July 2010*

Hunan Normal University — **Changsha, China**
BA, Economics — *July 2006*

RESEARCH INTERESTS AND TEACHING

- Quantitative marketing (with focus on analyzing consumer choice and firm strategies in high-tech markets), applied econometrics
- Teaching preference: Customer Analytics, Marketing Research, Digital Marketing

PUBLICATIONS

- Linear estimation of aggregate dynamic discrete demand for durable goods: overcoming the curse of dimensionality, accepted *Marketing Science*, with Tim Derdenger and Vineet Kumar
- Market timing: recent development and a new test, *Economics Letters*, 2011, with Chia-Shang J. Chu
- Testing independence of two autocorrelated binary time series, *Statistics and Probability Letters*, 2010, with Chia-Shang J. Chu

WORKING PAPERS

- Can willingness to pay be identified without price variation? What big usage tracking data can (and cannot) tell us, with Vineet Kumar, 2019
- What time use surveys can (and cannot) tell us about labor supply, with Ruoyao Shi, 2019,

Submitted

- Three-step CCP estimation of dynamic programming discrete choice models with large state space, with Geert Ridder, 2017
- Identification and Linear Estimation of General Dynamic Programming Discrete Choice Models, 2016

WORK IN PROGRESS

- What Does the Discount Factor Say About Consumer Beliefs? Testing Consumer Beliefs in Dynamic Discrete Choice Models with Aggregate Data, with Tim Derdenger, 2019
- Dynamically optimal product design for freemium service: what online game can (and cannot) tell us, with Hai Che
- Matching between college applicants and universities in the UK: Nontransferable matching with partially identified preference, with Jesse Matheson

AWARDS

- Fellow of the Higher Education Academy, 2019
- The best third year paper award, Department of economics, USC 2013
- The best second year paper award, Department of economics, USC 2012
- College graduate merit award, USC 2010

CONFERENCE AND SEMINAR PRESENTATIONS

- 2019: 3rd Conference on Structural Dynamic Models (Chicago, US, Scheduled), Canadian Economics Association Annual Conference (Banff, Canada), Econometric Society Asian Meeting (Xiamen, China), UCLA Applied Economics Seminar (Los Angeles, US), Society of Econometric Measurement Conference (Frankfurt, Germany, Scheduled), Tilberg University Econometrics Seminar (Tilberg, Netherlands, Scheduled)
- 2018: North American Econometric Society Winter Meeting (Philadelphia, US), UC Riverside Econometrics Seminar (Riverside, US)
- 2016: UCSD Econometrics Seminar (San Diego, US), UC Davis Econometrics Seminar (Davis, US), UC Davis Agricultural and Resource Economics (Davis, US)
- 2015: World Congress of Econometric Society (Montreal, Canada), California Econometrics Conference (Los Angeles)

UNIVERSITY SERVICE AND TEACHING EXPERIENCE

- Chairperson, Microeconomics curriculum committee, University of Leicester (2018–)

- Topics in applied econometrics (2016–), Econometrics III (2017–)
