EMPLOYMENT

University of Leicester, School of Business — **Leicester, UK**
Assistant Professor of Economics — *2016–*

EDUCATION

University of Southern California — **Los Angeles, CA**
PhD, Economics — *August 2016*

Peking University — **Beijing, China**
MA, Economics — *July 2010*

Hunan Normal University — **Changsha, China**
BA, Economics — *July 2006*

RESEARCH INTERESTS AND TEACHING

- Quantitative marketing (with focus on analyzing consumer choice and firm strategies in high-tech markets), applied econometrics
- Teaching preference: Customer Analytics, Marketing Research, Digital Marketing

PUBLICATIONS

- Linear estimation of aggregate dynamic discrete demand for durable goods: overcoming the curse of dimensionality, *Marketing Science*, 2019, with Tim Derdenger and Vineet Kumar
- Market timing: recent development and a new test, *Economics Letters*, 2011, with Chia-Shang J. Chu
- Testing independence of two autocorrelated binary time series, *Statistics and Probability Letters*, 2010, with Chia-Shang J. Chu

WORKING PAPERS

- Can willingness to pay be identified without price variation? What big usage tracking data can (and cannot) tell us, with Vineet Kumar, 2019

- What time use surveys can (and cannot) tell us about labor supply, with Ruoyao Shi, 2019, *Submitted*
- Three-step CCP estimation of dynamic programming discrete choice models with large state space, with Geert Ridder, 2017
- Identification and Linear Estimation of General Dynamic Programming Discrete Choice Models, 2016

WORK IN PROGRESS

- What Does the Discount Factor Say About Consumer Beliefs? Testing Consumer Beliefs in Dynamic Discrete Choice Models with Aggregate Data, with Tim Derdenger, 2019
- Dynamically optimal product design for freemium service: what online game can (and cannot) tell us, with Hai Che
- Matching between college applicants and universities in the UK: Nontransferable matching with partially identified preference, with Jesse Matheson

AWARDS

- Fellow of the Higher Education Academy, UK, 2019
- The best third year paper award, Department of economics, USC 2013
- The best second year paper award, Department of economics, USC 2012
- College graduate merit award, USC 2010

CONFERENCE AND SEMINAR PRESENTATIONS

- 2019
  - 3rd Conference on Structural Dynamic Models (Chicago, US)
  - Canadian Economics Association Annual Conference (Banff, Canada)
  - Econometric Society Asian Meeting (Xiamen, China)
  - UCLA Applied Economics Seminar (Los Angeles, US)
  - Tilberg University Econometrics Seminar (Tilberg, Netherlands)
  - UCL School of Management Research Seminar (London, UK)
  - University of Sheffield Economics Seminar (Sheffield, UK)
- 2018
  - North American Econometric Society Winter Meeting (Philadelphia, US)
  - UC Riverside Econometrics Seminar (Riverside, US)
- 2016

- UCSD Econometrics Seminar (San Diego, US)
- UC Davis Econometrics Seminar (Davis, US)
- UC Davis Agricultural and Resource Economics (Davis, US)

- 2015
  - World Congress of Econometric Society (Montreal, Canada)
  - California Econometrics Conference (Los Angeles)

UNIVERSITY SERVICE AND TEACHING EXPERIENCE

- Chairperson, Microeconomics curriculum committee, University of Leicester (2018–)
- Topics in applied econometrics (2016–)
- Econometrics III (2017–)
